Greetings Woodbridge Township Senior Resident:

We are pleased to offer the 2024 edition of the Senior Services Directory – a complete compilation of all the services and programs available to Woodbridge Township Senior residents.

The Department of Senior Services works tirelessly under the expert leadership and direction of Director Michele Morgan, MSW and her professional and attentive staff. The “Heart & Soul” of Senior Services are our Six Senior Centers where Senior residents can experience a camaraderie of togetherness whether it be exercise programs, recreation activities, entertainment and themed-luncheons:

- Evergreen Senior Center in Colonia
- Sycamore Senior Center in Sewaren/Port Reading
- Five Branches Senior Center in Colonia/Iselin
- Hickory Senior Center in Fords
- Maple Tree Senior Center in Avenel
- Oak Tree Senior Center in Iselin

The Department also oversees the Division on Aging that takes care of our frail, elderly and homebound Senior population. These Seniors don’t see any Township employees except their Social Worker but that does not stop them from telling us how happy they are through calls and emails.

Senior Services hosts the ever-popular and reliable Senior Transportation of Woodbridge (S.T.O.W.) – that provides FREE transportation services to Township Seniors so they can get to medical appointments, shopping, Summer concerts and to our six Senior Centers, which opens them up to opportunities that they otherwise would not experience. You can call 732-726-2394 to schedule your ride.

With the publication of the 2024 Senior Services booklet - which is a 120-page magazine that highlights every single program and service available to Seniors from Township, County, State and Federal agencies – our Senior residents will know exactly where to turn to get help or assistance from our many available services and programs.

The Senior Services Directory highlights all of our Senior Centers and the special activities in each along with our other resources like recreation facilities and libraries and it provides references and contact information for Medicaid, Medicare, Social Security, prescription programs and caregiver referrals. It also contains valuable information about consumer protection, nutritional advice, energy assistance, veterans programs and services and regular Township offerings like the Farmer’s Market, Tooling Around the Township and our Animal Shelter.

For more information about all of the Department of Senior Services programs, services and opportunities call 732-726-2368, or to obtain a copy of the Senior Services Directory, simply call the Division on Aging at 732-726-6262 or visit the Township Web Page at: www.twp.woodbridge.nj.us.

Sincerely,

Mayor John E. McCormac

Every person deserves to age well. The Department of Senior Services aims to create meaningful connections so that older adults can live and age well with dignity, purpose, security and independence. The outstanding work and collaboration of our three Divisions - the Division on Aging, Senior Transportation of Woodbridge and Senior Centers, deliver the resources, tools, best practices, and advocacy to ensure that our older adults can age with dignity and equity. We have collective responsibility to provide emotional, social, physical, intellectual, cultural, and financial wellness to Woodbridge Township residents 60 years of age and older.

We are committed to ensuring that older adults can easily access appropriate services they need to stay safe and healthy as they age in place. The Senior Services Directory has resources to help older adults and caregivers maintain and nurture their well-being and independence with numerous Township, County, and State and Federal resources.

We look to expand our brand and promote our services; highlight events and assist older adults navigate and maintain control of their lives throughout the aging process.

The Division on Aging has specialized Geriatric Licensed and Clinical Social Workers who respond to the psychosocial wellbeing of our senior residents, case manage and develop programs to support older adults to age with dignity in their own home and make informed decisions about the quality of life they wish to achieve.

Senior Centers are hosts to monthly luncheons where our seniors gather to break bread together and bolster social connections among older adults and building resiliency by engaging in productive activities, social interaction and friendships.

Senior Transportation is the lifeline that connects all of us and helps to connect seniors to the community around them, food and medical care.

We are lucky to be in a place called Woodbridge Township with the opportunities to demonstrate how diverse we are, how broad our reach, how critical to our community and how many lives Senior Services has impacted as part of authentic interactions with older adults and caregivers.

Consider Woodbridge Township as aging in “the right place”. We are committed to having a positive impact on the older adults we serve, we strive to achieve advocacy and excellence in everything we do, we communicate and collaborate, while protecting and maintaining confidentiality and privacy, and we ensure, to the greatest extent possible, an inclusive and equitable environment where older adults can age in place; to live in one’s home and community safely, independently, and comfortably. CONSUMER PROTECTION

How to Prevent Scams and Fraud? If it sounds too good to be true, it probably isn't true.

- **Don't** send or pay anyone with gift cards. Never "pay" for a prize or give gift card PINs to others.
- **Don't** give personal information-including social security number, credit card, or bank number to people you don't know, even if they claim to be with a company you know, like your bank. **Resist.**
- If your bank or credit card company calls you and asks you to confirm or provide personal information, like account numbers, social security numbers, or your date of birth, **HANG UP** and call the company back at a phone number you obtained from a reputable source.
- If you get a call or email claiming that a loved one needs emergency money, call the loved one before sending money in case the request is a scam. **Slow Down.**
- **Don't** send money orders, prepaid cards, or gift cards to people you don't know. Legitimate companies and the government don't ask for payment this way.
- If a company tells you over the phone that your computer has a virus or needs protection, take your computer to trusted computer repair shop. **Beware of people on the internet.**
- **Walk away** from a "deal" if you are being pressured to make an immediate decision.
- **Review** bank/credit card statements, bills, medical explanation of benefits for accuracy. **Verify.**
- **Never** click on a link or download an attachment without verifying who is it from.
- **Don't** respond to texts/calls from people you don't know or emails you didn't expect. **Refuse.**

Medicare and Same-Sex Couples & Transgender Older Adults

- Medicare recognizes marriages performed in any state as well as marriages performed in other states. Couples considering marriage need to know what they can lose or gain through marriage. Contact a SHIP counselor.
- Gender does not appear on Medicare cards; however, Medicare records include a gender marker based on your Social Security record. If you have changed your gender identifier with the Social Security Administration, that change will also reflect in your Medicare records.
- Medicare covers medically necessary gender affirming surgeries to address gender dysphoria on a case-by-case basis. Medicare looks to guidelines contained in the World Professional Association for Transgender Health (WPATH) Standards of Care. When supporting your request for Medicare coverage, your provider should address how your case meets WPATH standards. You must use doctors who take Medicare. If in a Medicare Advantage plan, usually you need to use doctors in your network or get permission to go out of network. Medicare has a special billing code for such procedures for your provider to use to help avoid improper denials of coverage.
- Federal law protects you from discrimination based on sexual orientation and gender identity by health entities or care providers who receive federal funds, directly or indirectly. To file a complaint: Office of Civil Rights at Department of Health and Human Services (HHS), www.hhs.gov/civil-rights.

- Call **1-800-MEDICARE** (633-4227) (TTY 1-877-486-2048) OR the **Health & Human Services Office of the Inspector General** 1-800-447-8477, TTY 1-800-377-4950.

Tips to Protect • Detect • Report

DO'S:

- **Only** give personal information to trusted people in the community who work with Medicare such as your STATE HEALTH INSURANCE ASSISTANCE PROGRAM (SHIP).
- Medicare **will not** call you to ask you for your Medicare number. Medicare or someone representing Medicare will only call you and ask you for personal information if: **You** have called and left a message, or a representative said that someone would call you back or A Medicare health and drug plan can call if you are *already* a member of the plan.
- **Keep a calendar** of your medical visits, tests, and procedures. Save your Medicare Summary Notices (MSN) and review them to compare the dates and services on your calendar, look for charges for services you didn't get or not ordered by your doctor and if you were billed twice for the same service.
- **MyMedicare** is an online, secure access to check your Medicare claims early. Log onto www.MyMedicare.gov to view your Original Medicare claims as soon as they are processed or visit www.medicare.gov.
- **Guard your Medicare card** like it's a credit card.

DON'TS:

- **Don't** give your Medicare number, Social Security card, Social Security number and credit card numbers to strangers who contact you by phone, email, or approach you in person, unless you give permission in advance.
- **Don't** accept money or gifts for free medical care.
- **Don't** allow anyone, except your doctor or other Medicare providers, to review your medical records or recommend services.

If You Suspect It, REPORT It!

The sooner you SEE and REPORT errors, the sooner you can help STOP FRAUD!

Medicare open enrollment period presents opportunities for fraudsters to take advantage of Medicare beneficiaries. If someone calls you and asks for your Medicare number or other personal information, hang up and call 1-800-Medicare (1-800-633-4227) or the Office of Inspector General's Fraud Hotline at 1-800-447-8477.

SOCIAL SECURITY AND IDENTITY THEFT

OIG Warning: Don't hand off cash to "agents"

The Social Security Administration (SSA) Office of the Inspector General (OIG) is receiving alarming reports that **criminals are impersonating SSA OIG agents and are requesting that their targets meet them in person to hand off cash.** SSA OIG agents will never pick up money at your door or in any type of exchange. **This is a SCAM!** NEVER exchange money or funds of any kind with any individual stating they are an SSA OIG agent. This new scam trend introduces an element of physical danger to scams that never existed before.

This recent method of handing cash directly to a phony agent is a dangerous twist on a known scam tactic that pressures individuals to pay in a specific way by using cash or gift cards. SSA OIG and official government agencies do NOT conduct business in this manner.

OIG Warning: Criminals will Pretend to be from Any Federal Government Agency

New reports show that scammers are reviving an old tactic to gain trust. Scammers are emailing and texting pictures of real and doctored law enforcement credentials and badges to prove they are legitimate and scam people out of money. Scammers may change the picture or use a different name, agency, or badge number, but the basic scam is the same.

OIG Warning: Offers to Increase Your Social Security Benefit Are from Criminals

That unexpected offer from the Social Security Administration (SSA) to activate a benefit increase is from a criminal and not the real SSA. Do not share personal or financial information. Do not click on links or respond. Report suspected scams to **oig.ssa.gov/report**. Scammers are using U.S. mail delivery to send fraudulent letters, advising the recipient to call a toll-free number to activate an increase in SSA benefits, such as a cost-of-living adjustment (COLA). The letters appear to be from an SSA official and designed to look like real SSA letterhead; however, they are not from SSA. Inspector General Ennis is reminding the public that the COLA is automatic for all SSA beneficiaries and does not require activation. Beneficiaries can view their COLA notice online through their personal my Social Security account at **<https://www.ssa.gov/myaccount/>**.

SOCIAL SECURITY AND IDENTITY THEFT

Real Social Security employees will not:

- Tell you that your Social Security number has been suspended.
- Contact you to demand an immediate payment.
- Ask you for credit or debit card numbers over the phone.
- Require a specific means of debt repayment, like a prepaid debit card, a retail gift card, or cash.
- Demand that you pay a Social Security debt without the ability to appeal the amount you owe.
- Promise a Social Security benefit approval, or increase, in exchange for information or money.

If you receive a suspicious call or are unsure of the identity of someone who claims to be from Social Security:

- Hang up.
- Do not give money or personal information.
- Report the scam to the Office of the Inspector General at oig.ssa.gov

SCAM ALERT

Watch out! Scammers target everyone.

Recognize scammers. They may:

- **PRETEND** to be from an agency or organization you know.
- Say there's a **PROBLEM** or promise a prize.
- **PRESSURE** you to act immediately.
- Tell you to **PAY** in a specific way.

Do not give scammers money or personal information – ignore them!

How to avoid a scam:

- **Remain calm.** Talk to someone you trust.
- **Hang up or ignore** the message. **DO NOT** click on links or attachments.
- **Protect your money.** Criminals will insist that you pay in a hard-to-trace manner, such as with a gift card, prepaid debit card, cryptocurrency, wire transfer, money transfer, or by mailing cash.
- **Protect your personal information.** Be skeptical of a contact you didn't initiate.
- **Spread the word.** Share your knowledge of Social Security-related scams. Post on social media using the hashtag #SlamtheScam to share your experience and warn others. Visit ssa.gov/soam for more information. Please also share with your friends and family.
